

Alex Law is running for Congress in the First Congressional District in New Jersey. His first race is the Democratic primary on June 7th, 2016.

The district includes Saturday morning Collingswood Farmers Market. During the summer and fall, Alex and supporters frequently visited the market to talk about needs in the district.

With Alex were some of his 60 supporters who help at phone banks, work in his office, knock on doors.

Alex is running against Donald Norcross and the Democratic party machine that supports Republican Governor Chris Christie, and is destroying small business. *by SJ Dodgson*
